An enthusiastic, hard-working individual who has an eye for being creative and a passion for graphic design. Extensive knowledge of print and web design, developing brands and corporate identities, packaging, advertising and editorial design. I work well with Adobe Photoshop, Illustrator, InDesign, Animate and Dreamweaver. With further training opportunities, I hope to further my knowledge with new software available. I have been lucky to have a varied career in graphic design and have been able to develop my skills further. I now feel a new challenge is needed in order to further my prospects.
